

# MIAMI BEACH

OFFICE OF THE CITY MANAGER

NO. LTC # *025-2014*

LETTER TO COMMISSION

RECEIVED  
2014 JAN 16 AM 11:44  
CITY CLERK'S OFFICE

TO: Mayor Philip Levine and Members of the City Commission

FROM: Jimmy L. Morales, City Manager

DATE: January 15, 2014

SUBJECT: City of Miami Beach Nurse Initiative Status

The purpose of this Letter to Commission is to update the Mayor and Commission on the status of the City's Nurse Initiative. The City's Nurse Initiative currently provides a complete Health Connect in our Schools (HCIOS) suite to North Beach Elementary, Treasure Island Elementary, and Ruth K. Broad Bay Harbor K-8 Center for the 2013-14 school year.

On August 19, 2013, each of the three schools began receiving services from the HCIOS. The attached Utilization Summary and HCIOS Health Team Service Summary Report provide information on the total number of unduplicated services for 1,318 children between August 19, 2013 and October 31, 2013. Of the children, receiving services at the HCIOS, approximately 65 percent returned to class.

As a result of the City's Education Compact with Miami-Dade County Public Schools, established in January 2008, the 2012 Community Satisfaction Survey indicated that 91% of residents who have children in public schools are very satisfied or satisfied with Miami Beach public schools compared to 51% of residents with children in public schools in 2007. The City of Miami Beach has made a significant impact throughout the entire county as the Compact between the City and the School Board is a model of how a City can strengthen the relationship between schools and community.

Through our Education Compact, we will continue to support our strategic outcome to Enhance Learning Opportunities for Youth.

If you have any questions, or need additional information, please feel free to contact me.
