

MIAMIBEACH

OFFICE OF THE CITY MANAGER

NO. LTC# **372-2016**

LETTER TO COMMISSION

TO: Mayor Philip Levine and Members of the City Commission

FROM: Jimmy L. Morales, City Manager

DATE: September 09, 2016

SUBJECT: **Installation of Paver Crosswalks on Washington Avenue**

The purpose of this LTC is to notify the City Commission that the replacement of crosswalks on Washington Avenue, part of the South Pointe Miscellaneous Improvements Project, will be commencing on Monday, September 12, 2016.

This project will replace the existing asphalt crosswalks with new paver crosswalks to match others already completed in the South of Fifth neighborhood and provide for safer pedestrian crossings in the area. This project includes the intersections of Washington Avenue at 2nd, 3rd and 4th Streets. Construction will commence on the inner lanes of Washington Avenue with associated lane closures, and then shift to the outer lanes, allowing for one lane of uninterrupted traffic in each direction. No detours are anticipated. The project is expected to last approximately two months.

Should you have any questions, please contact David Martinez at 305-673-7071.
