

MIAMI BEACH RISING ABOVE

Collins Park Garage

Project Advisory - September 29, 2020

Project Overview and Benefits

The City of Miami Beach began construction of the Collins Park Garage in early 2019. The garage will feature six levels of parking with 513 parking spaces and 14,560 SF of retail space on the ground level. In addition, the city will close a portion of Liberty Avenue between 22 - 23 streets in order to create a pedestrian plaza that will provide a connection from the parking structure to Collins Park, Miami City Ballet and the Public Library.

What's New

Beginning on September 30, the contractor will begin milling and paving work on 23 Street and Park Avenue. Temporary lane closures will be implemented, however, traffic in both directions will remain open.

Timeline

- From September 30 through October 3, paving will occur along the northbound lane of Park Avenue and eastbound lanes of 23 Street.
- From October 5 through October 8, paving will occur along the southbound lane of Park Avenue and westbound lanes of 23 Street.

What to Expect

- Local traffic will be provided access at all times.
- Services and deliveries will be accommodated at all times.
- Temporary parking restrictions will be in place.
- Developer work along Park Avenue will be ongoing through 2021.
- Private developers' work on Liberty Avenue north of 23 Street is ongoing, which also impacts traffic, parking and sidewalks.
