

# MIAMIBEACH RISING ABOVE

## Indian Creek Drive Flooding Mitigation Phase III

July 24, 2020

### Project Overview and Benefits

This project delivers vital improvements to the Indian Creek Drive community by providing new sidewalks, a lighting system and a continuous delineated bicycle path. It will also address flooding within the neighborhood by installing a comprehensive stormwater drainage system, including a pump station and generator in case of a power outage. Additionally, the road and sidewalk will be rebuilt at a higher elevation to mitigate sea level rise.

### What's Happening

The following activities will continue along Indian Creek Drive:

- Installing new lateral connections north of 34 Street
- Harmonizing at multiple properties north of 33 Street
- Continuing to rebuild the roadway between 31 and 34 streets
- Performing concrete work between 32 and 33 streets

### Timeline

Construction work hours are weekdays from 8 a.m. to 6 p.m. Extended time is subject to city approval and community notification. Please note, this schedule could change due to weather or unforeseen circumstance.

### What to Expect

- Moderate levels of construction noise are expected during the day.
- Construction equipment, machinery and workers will be present at work zones

Please note, the project team is closely monitoring the situation surrounding COVID-19. The contractor is enforcing strict social distancing measures and employees are using face covers while on site, including during break times.

An advisory will be issued every two weeks or as changes in the work takes place.
