

# Ocean Drive and 5 Street Northbound Protected Bicycle Lane Extension

Virtual Community  
Meeting  
March 16, 2026  
At 6 P.M.

# Project Overview

- Extend the northbound green bicycle lane on Ocean Drive across 5 Street.
- Provide a safe and protected bicycle connection from south of 5 Street to north of 5 Street.
- Close the existing gap in the bicycle network and improve cyclist safety.
- Convert the dedicated northbound right-turn lane into a protected green bicycle lane on the east side of Ocean Drive at 5 Street.

# Project Scope

## Traffic Lane Repurposing Process (Florida Statutes §334.61)

- Conduct a traffic lane repurposing study
  - Evaluate potential impacts to:
    - Traffic operations
    - Roadway safety
  - The study can be viewed at:  
[Ocean Drive 5 Street Bike Lane Extension Study - City of Miami Beach](#)
- Perform required public outreach
  - Letters to affected property owners (including link to lane repurposing study) mailed on February 4, 2026
  - Virtual Public Meeting on March 16, 2026 at 6 P.M.

## Design Plans

- Prepare final design plans for the proposed improvements.
- Obtain review and approval from Miami-Dade County.

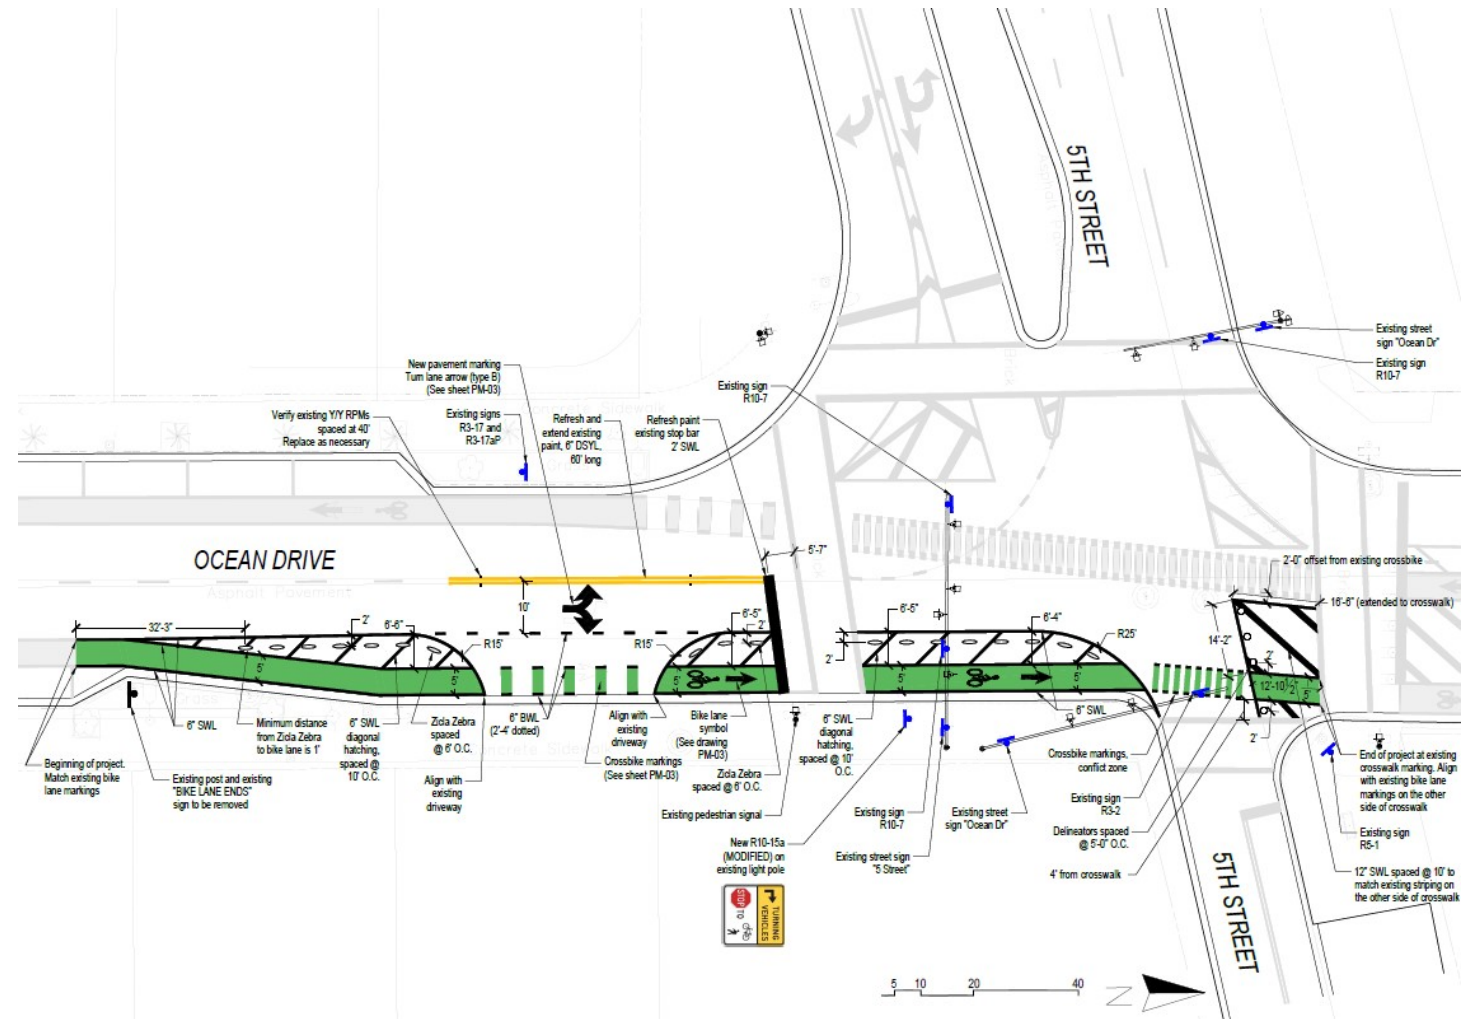

# Existing Conditions

- Signalized intersection at Ocean Drive and 5 Street.
- One (1) dedicated northbound left-turn lane.
- One (1) dedicated northbound right-turn lane.
- Gap in the northbound green bicycle lane resulting in disconnection in the bicycle network.
- Continuous southbound green bicycle lane along Ocean Drive.

# Proposed Improvements

- Convert the dedicated northbound right-turn lane into a continuous northbound protected green bicycle lane.
- Convert the dedicated northbound left-turn lane into a shared lane for northbound left-turn and northbound right-turn movements.
- Add green bicycle lane markings across the intersection to improve visibility and guide bicyclists through the intersection.
- Install Zicla Zebra separators to provide physical protection and match the existing bicycle lane protection configuration along Ocean Drive north of 5 Street.

# Next Steps

- Complete 100% final signed and sealed design plans
- Obtain Miami-Dade County approval
- Begin construction
  - Anticipated construction start: Fall 2026

# Thank You

## Q & A

The study can be viewed at:
