DATE:

June 21, 2013

AUDIT:

Greener Waste Services, Inc. (Greener Waste)

PERIOD: October 2009 to March 2013

This report is the result of a scheduled audit of the Roll-off Fee Returns for Greener Waste.

INTRODUCTION

A Roll-off is defined as a container with a minimum capacity of ten cubic yards designed to be transported by a motorized vehicle. They are typically used for the purpose of removing construction debris, which include rock, metal and other materials used in connection with a construction project or for the removal of large quantities of trash and bulky waste.

Approximately thirty companies currently possess business tax receipt to operate Roll-offs within the City's boundaries. In return, they are required to abide by the terms outlined in the City Code. This includes the remittance of franchise fees calculated by using the applicable percentage of Miami Beach gross receipts. Reports are to be submitted to the City's Finance Department by the end of the subsequent month.

Greener Waste has been operating in the City of Miami Beach since November 2008. Their line of business is the rental of roll off containers.

BACKGROUND

Previously, Internal Audit conducted an audit of Greener Waste for period of November 2008 to September 2009. Our audit assessment report dated January 28, 2010 produced an audit assessment of \$628.17 which was paid by Greener Waste.

OVERALL OPINION

Greener Waste has not complied with the City Codes as it relates to reporting requirements for Roll-off contractors. Gross receipts in the amount of \$5,054.00 were not reported resulting in the owing of \$1,480.27 in delinquent roll-off franchise fees (including interest and late filing charges) to the City.

PURPOSE

The purpose of this audit is to determine whether all Roll-off waste contractor billings were correct, and whether all City revenues were correctly calculated, received timely and accurately recorded by the City, and the contractor was in compliance with designated sections of the City Code and related Ordinances.

FINDINGS, RECOMMENDATIONS AND MANAGEMENT RESPONSE

1. Finding – Required Reporting

City Code Section 90 - 221 defines gross receipts as "the entire amount of the fees collected by the licensee, exclusive of taxes as provided by law, whether wholly or partially collected, within the city, for solid waste removal and disposal". Therefore, all monies collected by the Roll-off waste contractor from Miami Beach service addresses, including dump fees, fuel surcharges, dry run and overload should be included in reported gross receipts.

Greener Waste did not file returns to the City of Miami Beach resulting in \$5,054.00 of unreported gross receipts. Greener waste collected franchise fees on Miami Beach customers and failed to remit these fees. Therefore, Greener Waste owes the City the amount of \$1,480.27. (Including interest and late fees) Greener Waste is not in compliance with the City Code.

The following table summarizes audited gross receipts and the amount due from Greener Waste for our audit period:
