Dear Honorable Mayor and City Commission:

The Transportation, Parking and Bicycle-Pedestrian Facilities Committee (TPBPFC) met on Monday March 11th and unanimously passed the below motion:

The TPBPFC was informed of the direction taken by the City Commission that effective immediately, Boards and Committees are to meet quarterly. The Committee feels we should continue to meet on a monthly basis, as transportation issues are vital to the City and important to public safety and quality of life. Therefore, if the Committee does not have citizen input about transportation issues in a continuous manner, the situation will only worsen.

As an advisory Committee that deals with transportation, parking, bicycles and pedestrian issues, we have a platform available for residents to come and share their concerns and thus we feel that continuing to meet monthly is extremely important.

The TPBPFC would greatly appreciate your consideration on this very important motion.

Sincerely,

Transportation, Parking & Bicycle-Pedestrian Facilities Committee
