What is the First-time Homebuyer Program?

The City’s First-time Homebuyer Program provides very-low, low- and moderate-income Miami Beach residents with down payment assistance to purchase their first home.

The funds awarded to eligible residents are secured by a lien and restrictive covenant securing the City’s funds that are subsequently forgiven after 15 years. If a homeowner sells, rents, or refinances his/her property or the property is no longer the primary residence prior to the 15-year affordability period, he/she must repay the City the value of the assistance as defined in the City’s Local Housing Assistance Plan (LHAP) plus applicable profit sharing as noted in the Plan. A copy of the plan is provided online at the City’s website: www.miamibeachfl.gov

Who is eligible for this program?

The City utilizes State Housing Initiatives Partnership Program (SHIP) funds for its First-time Homeowner Program. The program provides down payment assistance to income-eligible residents who have never owned their own home. Eligible program participants must:

- Complete a First-time Homebuyers Training within six (6) months prior to application to the City
- Provide a minimum of two (2) percent of the target property’s value in their own funds as down payment. These funds must be independently documented.
- Obtain mortgage approval from an FDIC-insured bank or mortgage lender for the balance value of the prospective property (purchase price – [owner-provided down payment – City subsidy]) and have a qualifying FICO Score
- Provide proof of income and assets as well as expenses for all applicant household members
- Provide proof of residency within Miami-Dade County
- Complete a First-Time Homebuyer Application accurately and completely
