

WHY DO BUSINESSES NEED FLOOD INSURANCE?

As a business operating in Miami Beach, you may have questions about flood risk and flood insurance.

Although our sun-kissed island is surrounded by the beautiful waters of the Atlantic Ocean and Biscayne Bay, Miami Beach is vulnerable to flooding due to its low lying topography, rainfall, King Tides, storms, and sea level rise. We want you to be aware of your flood risk, insure your business, and understand what resources are available to you.

The City of Miami Beach is leading the way locally and nationally to reduce risk. We are investing in public infrastructure to help our streets and sidewalks drain as quickly as possible. This includes raising roads, installing storm water pumps, raising sea walls, implementing green infrastructure, and creating higher elevation standards for new construction. We save residents and businesses 25% or \$8.4 million annually in flood insurance premiums through our strong participation in the Community Rating System.

ARE YOU INSURED?

Only 15% of non-residential buildings carry flood insurance.

While 93% of all buildings are located in a FEMA Special Flood Hazard Area.

10 STEPS TO FLOOD AWARENESS

1. COASTAL CITIES FACE FLOOD RISK.

93% of properties on Miami Beach are located in a Special Flood Hazard Area, as mapped by FEMA. Miami Beach is reducing risk through elevating roads, a new stormwater system, and new construction regulations to build higher.

El 93% de las propiedades de Miami Beach se encuentra en un Área Especial de Riesgo de Inundaciones, tal y como lo indican los mapas de la Agencia Federal para el Manejo de Emergencias (FEMA, por sus siglas en inglés). Miami Beach está reduciendo el riesgo tomando medidas como la elevación de carreteras, un nuevo sistema de recogida de aguas pluviales y nuevas normativas para edificar más alto.

5. BUILD RESILIENTLY.

Follow the Florida Building Code to reduce flood risk. An elevation certificate provides your property's elevations, and can potentially lower your insurance premiums. The city may have these for properties built after 1995. Call 305.673.7610 to learn more.
