RESTAURANT TAKE-OUT & DELIVERY GUIDELINES
For Stopping the Spread of COVID-19

Take-Out
- Exterior queuing is allowed while maintaining the Centers for Disease Control & Prevention recommended 6-foot distance between customers.
- Interior queuing is allowed while maintaining distance of six (6) feet between customers.
- Where possible, deliver take-out to vehicles or identify pick-up lanes for vehicles.
- Suggest specific pick-up times.
- A 5-foot pedestrian path must always be maintained outside of restaurants.
- Dining on the right-of-way for takeout customers is prohibited.
- Maintain health and sanitary standards for all surfaces.
- Use proper health precautions when handling credit/debit cards and cash.
- Encourage food orders during off-peak hours.

Delivery
- Provide for deliveries to homes and offices.
- Allow customers to specify where they would like their order to be left (e.g. doorstep or building lobby, etc.).
- If customer signatures are required, hand sanitizer must be provided for driver and customer.
- Restaurants are allowed to apply a service charge for deliveries.

Customers
- Keep your distance. Social and physical distance must apply at all times.
- Use hand sanitizers at all times, before and after transactions.
- Minimize human contact, wash your hands and maintain good hygiene practices.
