West Avenue Neighborhood Enhancements

Project Update sent: Feb. 8, 2021

Project Overview and Benefits

The West Avenue Neighborhood Enhancements Project is crucial to ensuring your neighborhood stays dry and remains a walkable, active community for many years to come. These critical upgrades include underground infrastructure updates such as a new water main, sanitary sewer improvements, installation of a stormwater treatment system and raising the elevation of the roadway to minimize street flooding.

What's Happening

We hope everyone's 2021 is off to a great start! As work continues on a new stormwater treatment system and enhancements to the neighborhood's overall stormwater quality, you may see a small crew along West Avenue and nearby side streets. They are collecting soil samples to be used for the project. Samples will be collected between 8 a.m. and 5 p.m., Monday through Friday. This activity is expected through mid-February.

The locations are all within parking lots or small areas of on-street parking. The crew anticipates being able to collect the samples in one day per location.

Please note the schedule is subject to change based on inclement weather or other unforeseen circumstances.

We Need Your Help

If you did not receive a copy of the harmonization plans for your property, we ask you to please reach out to us via email or by telephone. Please provide contact information so that we may stay connected.

Thank you in advance for participating in this very important neighborhood project.

Who to Contact

Should you have any project questions or wish to provide your contact information, please contact South Beach Neighborhood Affairs Coordinator Lauren Firtel at LaurenFirtel@miamibeachfl.gov or by calling/texting **305.986.6403**.
