- Details and dimensions of equipment, including screening if applicable

CHECKLIST OF REQUIRED DOCUMENTS TO DEEM APPLICATION COMPLETE. PLEASE CHECK OFF THE DOCUMENTS BEING SUBMITTED AND UPLOAD THE CHECKLIST

- Detailed section showing the height of the unit measured from B.F.E. and grade when located within a required yard or setback area
- Line of Sight Study of equipment mounted on the roof. Equipment should be in an area that screens it from view at street level. The study should start at the centerline of the sidewalk (located across the street, each street for corner properties). Draw a line measured from 6' above the sidewalk connecting to a point in the parapet.
