

## YOUR VOICE, IN ACTION!

### G.O.B.: Nautilus Traffic Calming Project

*Project Update - Sept. 10, 2021*

#### Project Status

All of the underground and concrete work on the traffic circle at 47 Street has been completed, including curbs, sidewalks and crosswalks. Concrete work for the divider islands is scheduled to be completed early next week. Once the dividers are complete, the contractor will commence debris removal and site cleanup in preparation for the final paving operations. We anticipate the traffic circle will be substantially complete by Sept. 24, 2021.

#### Project Benefits

As part of the G.O. Bond, the City of Miami Beach is implementing various improvements in neighborhoods with heavy traffic and frequent speeding incidents. Traffic calming improvements may include traffic circles, speed humps, designated bike lanes and reduced speed signage. During this phase of the project, the contractor will add two traffic circles at neighborhood entry points to reduce excessive speeding as well as cut-through traffic. The scope of work includes hardscape enhancements, new pavement markings, new signage, landscaping and utility adjustments.

The traffic circles will be located on North Michigan Avenue where it intersects with 42 and 47 streets.

#### What to Expect

- Pedestrian access and deliveries will be maintained at all times.
- Expect changes to the traffic pattern. Temporary closures and detours may be necessary.
- Moderate levels of construction noise can be expected during the day.
- Construction equipment, machinery and workers will be present at the job site.
- Parking restrictions will be in place and enforced by the Miami Beach Parking Department. Please heed the signage.
- Intersections along N Michigan Avenue at 42 Street and 47 Street will be closed to through traffic for the duration of the construction.

#### Timeline

Construction work hours are weekdays from 8 a.m. to 6 p.m. This schedule may change due to unforeseen conditions or weather.

#### Who to Contact
