Precautionary Boil Water Notice Issued in South Beach

— For all areas south of 23 Street —

Miami Beach, FL – Late this afternoon, a private contractor hit a 20" water main in the vicinity of Alton Road at 6 Street, which resulted in a water main break. Due to the drop in water pressure, a **Precautionary Boil Water Notice is in effect for all areas south of 23 Street from the ocean to the bay, including the Sunset Harbour neighborhood.** The Venetian Islands are NOT part of this advisory.

The Precautionary Boil Water Notice will remain in effect until drinking water test results pass for two consecutive days, as per Florida Administrative Code.

Residents, visitors, and businesses are advised to boil all water used for drinking, cooking/food preparation, making ice, brushing teeth or washing dishes. A rolling boil of one minute is sufficient. Bottled water may be used as an alternative.

The City of Miami Beach will notify residents and businesses when the Precautionary Boil Water Notice has been lifted.

Text MAlert to 888777 to receive notifications to your mobile device.
