2024 SCHEDULE OF LAND USE BOARD MEETINGS - REVISED PROCESS & DEADLINES

CONTENT

Description: Pages 1 & 2

Design Review Board, Historic Preservation Board and Board of Adjustment Calendar: Page 3

Planning Board Calendar: Page 4

WHAT IS NEW?

- Applications that require a traffic study or a traffic statement must meet for a joint Methodology/Pre-application meeting with the Planning and Transportation Departments, (see schedule/deadlines). After this meeting a separate Transportation case file will be created to manage Transportation's review. A methodology must be provided with the request for Pre-application meeting.
- The Pre-application meeting request is done via CSS. A letter of intent shall be provided, as well as the proposed methodology to be used for traffic study if required.
- DRC meetings are no longer required; however, the plans may be reviewed by multiple disciplines as part of the first submittal review.
- The project coordinator will review the submittal when uploaded. The coordinator will **NOT** accept submittals that do not follow the established deadlines or that are missing required documents, **NO EXCEPTIONS**.
- First and Finals submittals will be submitted via CSS on the deadline identified in the corresponding board calendar; however, applications can be submitted earlier if complete and ready for review.
- Paper submittal takes place after the applicant has received the notice to proceed and pays fee.

APPLICATIONS WITH A REQUIRED TRAFFIC STUDY:

- Commercial and mixed-use developments over 5,000 gross square feet and multi-family projects with more than four (4) units or 15,000 gross square feet shall require a transportation study analysis and mitigation plan.
- Projects seeking a Conditional Use Permit (CUP) for Neighborhood Impact Establishments (NIE), religious institutions, schools, main use garages, uses over 25,000 SF, and other uses which increase the intensity of the existing site may require a transportation study analysis and mitigation plans. Please

We are committed to providing excellent public service and safety to all who live, work, and play in our vibrant, tropical, historic community.

consult with the Planning Department as early as possible to determine if the study is necessary.

- The transportation study analysis and mitigation plan shall be prepared by a professional traffic engineer, licensed and registered in the State of Florida. If the proposed project meets this criterion you must meet with the Planning Department and City's Transportation Department for a pre-application meeting. (Please consult this schedule of deadlines or the Planning Departments web page.)
- Applications requiring a traffic study must meet with the Transportation and Planning Departments as indicated in the calendar (Preapplication meeting) to determine the methodology for the traffic impact study and obtain Transportation Department's requirements check list. Generally, the Transportation submittal shall follow deadlines below; however, please consult with Transportation Department for details:
 - Fifteen (15) days before First submittal: applicant must submit the traffic study via Citizen Self Service (CSS) To the Transportation case file.
 - Seven (7) days prior to First submittal: Transportation Department/Peer Reviewer will provide first round of comments to the applicant.
 - Applicant must address comments and submit revised traffic study/plans for CSS First submittal deadline including a narrative responding to Transportation/Peer Reviewer comments to the Transportation case file.
 - For more information regarding transportation study requirements, please contact Grant Webster.
 - GrantWebster@MiamiBeachFL.gov. P: (305) 673-7000 Ext. 26839. Transportation and Mobility Department.

Scheduled meetings are held in a Hybrid format, allowing for virtual participation, unless otherwise noticed. Please note that only complete applications are scheduled for consideration by Land Use Boards and the number of applications placed on an agenda may not exceed 15 in order to allow sufficient time for the applicants to present, and the board to duly consider each item during the scheduled meeting. Complete applications will be scheduled for the next available agenda on a first come – first serve basis unless the applicant requests to be scheduled on a future agenda. The timeline represented herein may be extended if application is incomplete or submittals not made on a timely manner.
